

BEFORE THE DEPARTMENT
OF NATURAL RESOURCES AND CONSERVATION
OF THE STATE OF MONTANA

* * * * *

IN THE MATTER OF THE APPLICATION)
FOR BENEFICIAL WATER USE PERMIT)
NO. 28056 BY PETE TOCCI & SONS, INC.) ORDER

* * * * *

The objections filed with the Department of Natural Resources and Conservation to the above-named application by the Montana Power Company and the Bureau of Reclamation are identical in language to a number of objections previously filed by these entities with respect to similar applications. These objections all claim generally that there is a lack of unappropriated water available for the applicants' purposes, and that diversions made pursuant to these applicants' plans would result in adverse affect to the water rights claimed by these entities. See MCA 85-2-311(1) and (2) (1981).

No claim is made either expressly or by implication in the present objections that the Applicant's proposed use is not a beneficial one, or that the Applicant's proposed means of diversion are not adequate for his purposes. See MCA 85-2-311(3) and (4). Nor has the Department in its own behalf indicated any concerns for the existence of these statutory criteria for a new water use permit. See generally MCA 85-2-310(2) (1981).

Commencing with the Proposal for Decision In re Brown, and continuing through a number of applications where the Bureau of Reclamation and Montana Power Company presented evidence at hearings held pursuant thereto, this Hearings Examiner has concluded that the scope and extent of these entities' rights to the use of the water resource as indicated by the evidence therein did not warrant denial of the respective applications for new water use permits. Since the instant objections allege similar matters to those involved in prior hearings, hearings on the factual issues suggested by the present controversy threaten a waste of time and undue time and expense to the parties involved. See generally, MCA 2-4-611(3) (1981); MCA 85-2-309 (1982).

WHEREFORE, the Montana Power Company and the Bureau of Reclamation are hereby directed to show cause why their objections should not be stricken and the instant application approved according to the terms thereof. Said objectors shall file with the Department no later than August 9, 1982, affidavits and/or other documentation demonstrating that the present Applicant is not similarly situated with respect to prior applicants for which permits have been proposed over these Objectors' objections; and/or offers of proof as to matters not presented in prior hearings, which matters compel different results herein; and/or argument that the proposed dispositions in such prior matters were afflicted by error of law or were otherwise improper; and/or any other matter that demonstrates

that the present objections state a valid basis for denial or
modification of the instant application.

DONE this 8th day of July, 1982.

Matthew Williams, Hearing Examiner
Department of Natural Resources
and Conservation

* * * * *

IN THE MATTER OF THE APPLICATION)	
FOR BENEFICIAL WATER USE PERMIT)	FINAL ORDER
NO. 28056-s411 BY PETE TOCCI AND)	
SONS, INC.)	

* * * * *

The instant objections are controlled by a series of orders initiated by In re Brown, Dept. Order, 4/83. We do not suppose that the legislature intended that hearings embracing the reception of evidence be held where there is no factual dispute. Moreover, to deal with similarly situated applicants in dissimilar ways would be arbitrary and capricious, MCA 2-4-704(2)(f), unless there be a reasonable basis for differing treatment. Here we found no such basis, and as a matter of law, the instant objections state no cognizable claim. See generally, Intermountain Telephone & Power Co. v. Mid-Rivers Telephone, Inc., ____ Mont. ____. 39 St. Rep. 2226(1982), Adams v. Califano, 552 F. 2d 1 (1st Cir. 1977); Sampson v. Califano, 551 F. 2d 881 (1st Cir. 1977); Ruiz-Olan v. Secretary, Dept. of Health, Education and Welfare, 511 F. 2d 1056 (1st Cir. 1975), Cooper v. NTSD, 546 F. 2d 870 (10th Cir. 1976), Michigan Wisconsin Pipe Line Co. v. FPC, 520 F. 2d 84 (D.C. Cir. 1975), NLRB v. J.C. Penney Co., 559 F. 2d 373 (5th Cir. 1977), Indiana Harbor Belt RR. Co. v. General Am. Transportation Corp., 577 F. 2d 394 (7th Cir. 1978), Hilt Truck Line, Inc. v. United States, 548 F. 2d 214 (7th Cir. 1977) NRLB v. West Sand & Gravel Co., 612 F. 2d 1326

(6th Cir. 1979).

Montana Power Company also argues that such former dispositions can at most only be dispositive on the issues of "unappropriated water" and "adverse effect to prior appropriators." See MCA 85-2-311. Montana Power Company is correct. Beneficial use and adequacy of the diversion means are "site specific" to each Applicant. However, the instant objections do not appear to embrace these latter issues, nor do they "state facts" tending to show the absence of the same. See MCA 85-2-308(2).

More basically, we do not understand that an objector has any vested interest in such determinations if in fact and law there is no adverse effect to the water rights that are the focus on his claim. See generally, Carlson v. Helena, 39 Mont. 82, 102 P. 39(1909), Holmstrom Land Co. v. Meagher County Newlan Creek Water Dist., 36 St. Rep. 1403, 605 P. 2d 1060(1979), Horse Creek Conservation Dist. v. Lincoln Land Co., 54 Wyo. 320, 92 P. 2d 572(1939), Affolter v. Rough and Ready Irrigating Ditch Co., 60 Colo. 519, 154 P. 738(1916). This application states a purpose within the range of use that are ordinarily to be regarded as beneficial MCA 85-2-102(2), and whatever the measure of appropriation state on the permit, this Permittee may use no more water than is needed at any particular time. See Tucker v. Missoula Light & Water Co., 77 Mont. 91, 250 P. 11(1926) See also Quigley v. McIntosh, 110 Mont. 495, 102 P. 2d 1067(1940). While we appreciate Montana Power Company's invitation to perform as a private attorney general in these proceedings, we think that

it is not too much to ask for some colorable claim. Particularly is this so when by our own procedures Department personnel inspect each application for devotion to the statutory criteria, and do not file an objection on their own behalf, see MCA 85-2-310(2), and where there are no other persons claiming a hearing as of right. Mistakes may be made, but even if they are not corrected at the certificate stage, MCA 85-2-315, they form no lasting prejudice.

The Department of Fish, Wildlife, and Parks of the state of Montana has also informed us that, although it does not waive any rights it may have as against the Applicant, it consents to a permit in this matter subject to all prior and existing rights.

WHEREFORE, Application for Beneficial Water Use Permit No. 28056-s411 is hereby granted to Pete Tocci and Sons, Inc., to appropriate 1800 gallons per minute up to 415 acre-feet per year for the irrigation of 174 acres more or less comprised of 146 acres in the SE1/4 and 28 acres in the NE1/4 of Section 26, Township 5 North, Range 2 East, all in Broadwater County. The source of supply shall be the Missouri River, the waters thereof to be diverted at a point in the NE1/4 NW1/4 NE1/4 of Section 35, Township 5 North, Range 2 East, and/or at a point in the NW1/4 SW1/4 NE1/4 of Section 26, Township 5 North, Range 2 East, all in Broadwater County. The waters provided for herein shall not be diverted prior to May 1 of any given year nor subsequent to October 15 of any given year. The priority date for this permit shall be July 7, 1980, at 2:00 p.m.

This Permit is subject to the following express conditions,

limitations, and restrictions.

A. Any rights evidenced herein are subject to all prior and existing rights, and to any final determination of such rights as provided by Montana law. Nothing herein shall be construed to authorize the Permittee to divert water to the detriment of any senior appropriator.

B. The Permittee shall in no event cause to be withdrawn from the source of supply more waters than are reasonably required for the purposes provided for herein.

C. Nothing herein shall be construed to affect or otherwise reduce the Permittee's liability for damages which may be caused by the exercise of this Permit.

D. Any rights evidenced herein are expressly subject to any senior instream flow rights that may be hereafter adjudicated to the Montana Department of Fish, Wildlife, and Parks.

NOTICE

The Department's Final Order may be appealed in accordance with the Montana Administrative Procedures Act by filing a petition in the appropriate court within thirty (30) days after service of the Final Order.

DONE this 25TH day of April, 1984.
